### SHORTHORN FRIENDS

The decision to disperse the Erickson Farm Shorthorn Herd was a rather hard decision to make but due to reasons of health we find it best to terminate our farming and Shorthorn breeding.

Our Shorthorn herd was built from the top females of the top herds in the nation and the best bulls available in United States, Canada and Scotland. With years of building we think we have one of the top purebred Shorthorn herds in the mid-west. This dispersion gives you the opportunity to select our very tops that normally would stay in the herd.

We think today we have the most impressive herd bull battery we have ever had on our farm: (Imp.) Tolquhon Rustler, (Imp.-in-dam) Leveldale Dispatch and Femco Better News 2d. 71 bred cows and heifers will be carrying their service and the calves at side will also be by them.

The bulls in the sale will be by Tolquhon Rustler and Leveldale Dispatch with some 24 two year old and senior yearlings ready for heavy service this spring. The balance are younger yearlings and senior calves.

Plan to be with us on the sale date, January 18, 1958, and partake in this breeder's great opportunity sale.

Yours truly,  
ERICKSON BROS.,

**LEVELDALE DISPATCH**~(Imp.-in-dam) sired by Calrossie Good News, dam Saltoun Wimple 8th. The calves by Leveldale Dispatch have been impressive that have been born on the farm and have attracted considerable attention by breeders and big commercial cattle producers of all breeds. His pedigree is diamond studded with great bulls of the breed; first his impressive sire Calrossie Good News who has made an enviable record in this country as well as his homeland in Scotland; then follows Kirkton Baronet his sire that has been in more pedigrees of bulls imported from Scotland than any known sire. The dam of Dispatch is by Chapelton Royalist the great bull bred by Walter Biggars & Sons that has done so much to improve the breed in Scotland, also many other top bulls; and this breeding is being infussed into our American pedigrees and cattle and is adding both Quality and top breeding.

E F DISPATCH 41st—was a sensational calf from the day he was born. He has a very good head, a short masculine neck that blends into a powerful set of shoulders. He has a wonderful spring of rib and carries back through his back, loin and rump. His deep rear quarters carry their thickness down to the hocks. He is a bull with a lot of character, good bone and a beautiful red coat. During our 1957 sale he attracted considerable attention from cattlemen and breeders.
